Report
Confidential 9/11/99

I have already intimated
to you the occurrence of plague
cases within the railway premises
at Sirajkhoi and of my going
there on the evening of the 4th
instant. I am sorry to say that the
last two cases reached the place
and enquired certain information
about the outbreak of plague
here from the Asstt. and then

full details as regards the
outbreak of the epidemic &
their particulars will be appended
upto date in due course

Two Railway employees
of them Dhanu died within the
day precincts on the 2d inst but
the cases were recorded as suspi-
cious ones It was only on the
3d inst that the Govt came
to know officially of the occurrence
of plague deaths and thereafter
the measures by which Dr Atkinson

that dead rats were found in some of the houses in the town of Amsterdam so it was thought advisable to have the town quarantined. All the inhabitants have been quartered beyond the limits of the town. I am glad for the time being that plague cases occurred only within the premises and not in the town.

The patients in the camp are carefully looked after the children suffering from burns & wounds

personally on the subject and
by several living on the
Railway premises was found
suffering from flatus and
was therefore removed to camp
He has also been telling Peter

temporary establishment
also will necessary for carrying
out works of disinfection &c and
also for looking after the welfare
of the people who have evacuated
the town is being undertaken
Definite proposals on the subject
will be shortly submitted for Sanction

My dear Devereaux

I am glad you went down to Arsikere and did all that was necessary in connection with the outbreak of plague in that place. I am pleased to hear that you got the whole place evacuated and trust that this prompt action will prevent the spread of the plague. I shall sanction the additional establishment required as soon as

I get your proposals.

Have you ascertained now the plague got into the Railway premises and the extent to which the infection has spread. If it is in the goods sheds these should be thoroughly disinfected. Please ascertain — What they did in Davengere. We have a large disinfection gang working at Davengere. Apart of this can be made available for work in Arsikere. Please address any urgent requisitions to Mr. Plumer at Bangalore. He will

comply with them. I am touring through Kolar and will not be back till the 22nd instant.

Yours sincerely

Subs to P. Commr for orders.

Please see the Plague Commrs. D.O. to the Dy Commr Hassan District dated 9th November 1899 in which the Dy Commr was informed that the additional Estt. required would be sanctioned as soon as proposals are received from him.

It is with reference to this D.O. that the Dy Commr has now submitted proposals for the entertainment of additional Plague Rats costing Rs 446/- per mensem. The necessity for such a large Establishment as that proposed by the Dy Commissioner is not quite apparent. It is not understood why a Head Clerk on Rs 35/- per mensem should be appointed for

the Dr Commissioner's Office
been a Clerk on Rs 20/. has
already been allowed for
Plague work. The appointment
of a Store Clerk for the Arsikere
Taluk & the grant of Plague
allowances to the Deputy
Inspector of Vaccination & the
Hospital Asstt. at Cholenahalli
do not appear necessary. I would
therefore beg to suggest that
the following Establishment may be
sanctioned for the present.

1	Asstt Plague Inspector.	15+15 = 30
2	Lance Duffedars. ab Rs 12 each	24
2	1st Class Police Constables	16
16	2nd Class — Do	112
1	Cook	15
1	Disinfection Mestri	12
5	— Do — Coolies	60
1	Scavenger	9
1	Sweeper	7
	Total	285

+ I think 12 Constables, 6 first & 6 second class, should suffice + Hdst 12/- in each = enough for the Camp

This will be in addition to the existing Establishment costing Rs 46/. per mensem. The Hospital Assistants do not draw plague allowances

1	Clerk Dr Commrs Office	20—0—0
1	Peon	6—0—0
	Allowance to Hospital Asstts at Arsikere & Bannavar	30—0—0
		46—0—0

may be called upon to
do plague work in their
respective Talukas.

To The Plague Commissioner
Mysore.

Sir,

Adverting to para 4
of my letter Camp No B dated 9th Instant
anent the necessity of strengthening
the establishment owing to
Plague having broken out
in the Railway premises at
Arsikere, I have the honor
to submit herewith a proposition
stating

Statement showing details of the existing and proposed scales. Another statement particularizing the different establishment sanctioned from time to time in connexion with Plague Prevention measure and abolished from the 1st Ultimo is also appended for ready reference.

2. In the proposed scale provision is made for so much of the Establishment as is actually necessary for duty in the Arsikere and Bowen Railway Stations and Camps

Camps, and for regulating the evacuated houses and the property of the inhabitants of Ansikve.

3. The Regular Police has been stationed on the high-roads and foot-paths to watch the arrivals from infected areas. It seems fair that the men so employed should receive some personal allowance for this extra work. A separate reference on the subject will be shortly submitted for sanction.

4. The

4 The scale now submitted
for sanction has been
proposed after a mature
consideration of the local
requirements and of the
circumstances. I therefore
request the favor of your
kindly obtaining sanction
of the Government to the
entertainment of the estab-
-lishment with effect from
the 1st Instant.

With reference to the
above has the honor to
State that the undersigned
does not see the necessity
for such a large establish
ment as that proposed
